

# Artisan Colors Flower Tile

Margot Clark

Supplies: 2 pieces of 6" square float glass. 602 Royal Blue, 603 Green, 608 Teal Green, 605 Sienna, 606 Solar Flare, 607 Mystic Blue, 608 Teal Blue

Right side of design done on bottom layer, left side done on top piece of glass. Shows how the Artisan Colors look when fired on top of glass (textured) and when fired in between glass (bubbles). Shows that if you apply thin lines of color you can get rows of single bubbles when fired between layers. When applied in larger areas such as the leaves you will get a random pattern of bubbles.

Royal Blue for top four right hand corner petals on both flowers. Mystic Blue for remaining petals.

Green for lighter portions of leaves, Teal Green for darker.

Solar Flare and Sienna for centers.

Teal Blue for background lines done with Decorator Bottle and Metal Tip.

The following pictures are close-ups of the different areas.
